

Newsletter

March was a busy month which seemed endless. Looking back at how God used us in the middle of all of the hustle and travel is a real encouragement. We experienced a wonderful time at the Dolce Hotel with several of the churches represented. The messages by Dr. Albert Morgan were timely and encouraging as were the informative workshops held during the one day convention. As our first convention it was an unqualified success and a blessing to those who attended. Next year we will be celebrating **50** years of ministry and are planning an even better convention for that occasion.

Dr. Tony Hart, President

Marriage Seminar

I left for Ecuador on Monday after the convention for a very full ten days of ministry in the mountains outside of Quito Ecuador. There were about 100 church leaders in attendance for the 4 day training sessions. I was able to do significant instruction on Leadership as well as an introduction to Biblical Counseling. That Saturday the pastors were joined by their wives and I had the privilege to conduct a six hour marriage seminar based on the application of the Ten Commandments to marriage. This is the same seminar that I have taken to several churches here in the US.

If you would like to see this marriage seminar come to your church and minister to your married couples as well as those anticipating marriage, just call our office and let us know of your interest. We will do our best to schedule a seminar as soon as possible.

Short -Term Mission Opportunity

Uganda is calling! June 15 to 25 are the dates of our mission to Uganda. There is still time to get on board if you call us quickly. The total cost of the trip is \$2850.00 including all transportation, Room and board, and ministry expenses. No matter what your gifts are we can use them on the mission field. We need those that can pray, counsel after the evangelistic meetings, work with children, visit hospitals and prisons, provide music, and help in several other ways.

GOLF

June 14th 2010 is the date for our annual golf Tournament. Please mark the date and register for the tournament immediately so that we can plan effectively for the best day ever. It has always been a good time of fellowship and this year also promises to have great prizes as well as an informative challenge toward missions. Gather a foursome and call our office to reserve your place in the shotgun scramble outing.

Special Thanks

As our way of saying thank you, we are offering for the month of February a timely message by Dr. Tony Hart entitled: **“Profile of A Man God Uses”**. If your desire is to be used of God, this message will give you insights into the character of the person God chooses to use. Send us your request along with a gift of any size, and specify either the MP3 or CD format. May God richly bless you as you continue to further His Kingdom?
